

WHY DONATE WITH LIFESERVE BLOOD CENTER?

YOUR BLOOD.

The strength of our community blood supply is dependent on **local donors**, businesses, and organizations that donate and sponsor blood drives **with LifeServe Blood Center.**

LifeServe Blood Center is a non-profit community based blood center.

YOUR HOSPITAL.

100% of the blood products needed by your community hospital come from LifeServe blood donors.

YOUR NEIGHBORS.

Only blood collected by LifeServe Blood Center is provided to **YOUR local** hospitals.

What Sets LifeServe Apart?

“My momma received blood today thank you from the bottom of my heart! You are a wonderful human.”

Local hospital patients are now able to **thank our blood donors** for their generous blood donation!

WHO IS LIFESERVE BLOOD CENTER?

LifeServe Blood Center is your nonprofit, community-based blood center that has served the needs of local hospitals and patients in our regions since 1947. As one of the 15 largest blood centers in the country, LifeServe Blood Center provides blood products to 161 hospitals primarily in Iowa, Nebraska and South Dakota.

WHY IS IT IMPORTANT TO DONATE BLOOD WITH LIFESERVE?

100% of the blood products needed by your community hospital will come from LifeServe blood donors who donate with LifeServe in the communities we serve. LifeServe, your community blood center, and your local hospital count on community members to donate blood with LifeServe to maintain a safe and stable community blood supply. When donors donate with another blood collection organization within our community, that donation does not support their local hospital.

HOW CAN THE COMMUNITY SUPPORT THEIR LOCAL BLOOD SUPPLY?

The strength of our community blood supply is dependent on local donors, businesses, and organizations that donate and sponsor blood drives with LifeServe Blood Center. We need community partners to host blood drives and recruit blood donors to directly support their community blood supply. LifeServe partners with schools, civic organizations, and more. If you and/or an organization are interested in hosting blood drives, please contact Abbie Arneson at 605.626.1620 or Abbie.Arneseon@lifeservebloodcenter.org.

THE BENEFIT OF BEING A LIFESERVE BLOOD DONOR

Being a blood donor is important, no matter who you donate with. The reason we encourage community members to **donate with LifeServe is because 100% of the blood products needed at your local hospital will come from LifeServe.**

LIFESERVE OPERATIONS MEETING THE NEEDS OF SOUTH DAKOTANS

Blood Drive Staging Facilities:

- Aberdeen
- Mitchell
- Yankton

"Supporting LifeServe blood drives directly supports the blood donations that are coming back to our facility for those in need of blood product transfusions." Said Kristin Hawkinson, Laboratory Director of Avera St. Mary's Hospital. "Without donors like you we could not have blood products on hand in times of need. You are a Blood Donor. You are a Life Saver. THANK YOU!"
